

MICHAEL THUNBERG

AUDIO+VISUAL STRATEGIST

PROFILE

I've spent my whole life absorbing and creating design; aesthetics and copywriting is my passion, and I love art and music as much as anybody I know. When the night comes, I switch gears and transform into DJ Üntzer, rocking the scene wherever people need a killer soundtrack. All I need is a chance to be creative, and that's all I ask for...so let's get the party started!
